Mr. Armour brought up a letter that had been hand delivered on or about July 21, 2009 to Ruth Ann Suttle, Chair for the Burke County Commissioners, requesting \$363,800 from the county non-departmental contingency fund that was originally recommended to be appropriated to the Board of Education's function 6900 fund. Mr. Armour shared his concern that Ms. Norman had not been authorized to write this letter on behalf of the Board of Education. Informational Items

A. Important Dates

- Mr. Sherrill highlighted some of the informational items listed on the agenda for the meeting.

B. Reports

• SACS CASI Visit – Mr. Jonathan Clontz

Mr. Clontz reported on the Advanced Ed review team that had visited Burke County to interview individuals, parents, community members, business owners, teachers, administrators/central office representatives, and the Board of Education. He reported that the review team had consisted of four members from North Carolina, South Carolina, Georgia, and Florida. He further stated that Advanced Ed is the parent organization for the group known as SACS CASI, which has defined research based accreditation standards that schools must meet in order to maintain accreditation. Mr. Clontz shared that after conducting interviews, the review team prepared a report for the NC SACS office that would then accept, modify, or reject the recommendations of the review team and that a response from the NC SACS office could be expected within 30 days. Mr. Clontz concluded by stating that the review team was very complimentary of the efforts of our administrators, teachers, and students put forth by the results of our end of year testing program.

There was discussion pertaining to how information intended for the SACS review team that was sent in the form of an attachment to an email between an administrator and the acting superintendent was "leaked" to the public. Ms. Norman reported that Mr. Jones would be inquiring as to how this could have happened. Mr. Aulgur made a Motion for Mr. Jones to investigate how confidential information was leaked to the public. The Motion was Seconded by Mr. Buff and carried with a 6-1 vote; Mrs. Sain abstained.

• Budget Briefing – Mr. Rick Sherrill

Mr. Sherrill began by reporting that the local budget funding dispute had not been resolved by the mediation process between the Board of Education and the County Commissioners. He further stated that the 2009-2010 state budget had been approved and that administration would be reviewing the reductions in the budget to see what could be done that would have the least amount of impact on the classrooms as possible. Mr. Sherrill emphasized that the school system needed the support of the county commissioners and that everyone needed to work together to resolve the budget issues that affected the children of our school system. Mr. Sherrill continued by stating that despite the information stated in the

NC Public School Forum, indicating that Burke County ranked 94 out of 100 counties with local funding; BCPS still made tremendous growth on test scores based on both state and federal accountability standards. Mr. Sherrill did report that if BCPS were funded at the levels received several years ago in the consent judgment then teachers and students could be better served. Mr. Sherrill also mentioned the fact that Burke County is behind many surrounding counties in technology due to inadequate funding. He also briefed on the \$6,200,000 approximate cost savings initiatives that had implemented by the school system. Mr. Sherrill concluded by reporting on the fund balance, stating that as of June 30, 2008, the fund balance was at \$1,163,000 but that two state reversions during SY 2008-2009 quickly eliminated almost \$1,000,000 of that amount. He also stated that another large sum of the fund balance had been used for the start up and operational expenses of the two new high schools, with an estimated annual increase of \$2,200,000/year without any increase in funding. Mr. Sherrill reported that the school system could no longer afford to continue drawing from the fund balance.

Mr. Lawson briefed on the significant line item reductions of the state budget that would affect BCPS:

- Reduction to non support personnel (substitutes, custodians).
- Elimination of ABC performance bonuses.
- Reduction to technology.
- Reduction to textbook funding.
- Elimination of state staff development funds.
- Reduction to Non-English speaking students.
- Reduction to transportation.

Mr. Lawson reiterated the meetings that were held with principals and administrators to come up with cost savings initiatives to help lessen the impact of the state budget reductions. Mr. Wilkinson also recognized David Burleson as being responsible for a large part of the cost savings initiatives.

• **AYP Results for 2008-2009 – Mr. David McGee**

Mr. McGee reported that 28 of 30 schools made expected progress and that the two schools that did not make expected progress were Jimmy C. Draughn, who with being a new high school did not have a benchmark to calculate growth, and the other being North Liberty, which growth is not calculated because of the nature of the tests that those students take. Mr. McGee further reported that 18 of our 30 schools made high growth. Additionally, 16 schools were deemed as schools of progress, meaning they were above 70% of the performance composite, 8 schools were deemed as schools of distinction, and 2 schools were deemed as honor schools of excellence. Mr. McGee reported that 25 of our schools made AYP and that BCPS made progress over last year without the retest. Mr. McGee reported that the cohort graduation rate was 75.6%. A standing ovation was given to teachers and employees for a job well done.

First Reading for Proposed Policies

A. School Resource Officer Memo of Understanding – Mr. Rick Sherrill

Mr. Sherrill presented the memo of understanding explaining that the intent of the agreement was to be one that local law enforcement and the school administrators could comply with. Mr. Jones is to review the agreement.

B. Burke County Board of Education Policy Manual Chapter 5 – Mr. Tim Davis

Mr. Davis briefed the Board on several of the policies included in Chapter 5. He reminded board members that the "old" policies were printed on blue paper and the "new" policies that were being proposed were printed on white paper. Chapter 5 is to be placed on the agenda as a second reading at the next meeting.

Second Readings

A. Burke County Board of Education Policy Manual Chapters 1 to 3 – Mr. Tim Davis

Mr. Davis brought it to the attention of the Board that the public comment policy was not included at this time due to the fact that he and Mr. Jones were still making changes to this

particular policy. Chapters 1-3 are to be placed on the agenda for action/discussion at the next meeting.

B. Community Schools Programs – Facility Use Policy 1.5300 with Procedures – Mr. Tony Cox

With no questions from the board this policy is to be placed on the agenda as action/discussion for the next meeting.

C. Energy Management Conservation Policy 6.550 with Procedures – Mr. Tony Cox

Mr. Cox reported that he hoped to be able to provide some energy savings results by late September or early October. He also reported that Energy Education usually waits 90 days from the contract signing before they release the first data information. June 1st was the contract signing date for BCPS. She also attributed the need to raise prices because of food costs.

Action/Discussion Items

A. Child Nutrition Budget – Ms. Crystal Cooper

Ms. Cooper presented a proposed child nutrition budget that included a .25 increase in breakfast prices for grades 6-12, a .20 increase in lunch prices for grades K-5, and a .25 increase in lunch prices for grades 6-12. There was no increase to adult meal prices or to supplemental items in the proposed budget. In an effort to justify the need to raise meal prices Ms. Cooper reported that meal prices had only been raised one time in the last 10 years and that even though the child nutrition program had operated efficiently, they had been forced to dip into their fund balance each year to balance the budget. She also stated the continued rise in food costs as another contributing factor. Ms. Norman briefed the Board concerning the reauthorization of federal regulations and requested that the Board allow Mr. Jones to develop a resolution to send to DPI in support of the child nutrition program. Mr. Armour made the Motion in support of this resolution followed by a Second from Mr. Hairfield. The Motion passed by a unanimous 7-0 vote. The Motion was made by Mr. Armour to approve the recommended proposed budget that included a .25 increase in breakfast prices for grades 6-12, a .20 increase in lunch prices for grades K-5, and a .25 increase in lunch prices for grades 6-12. The Motion was Seconded by Mr. Hairfield and approved by a unanimous 7-0 vote.

B. Board Meeting Calendar – Mr. Rick Sherrill

Mr. Sherrill presented a revised 2009-2010 board meeting calendar for the board's approval. Ms. Norman requested to change the March 29 meeting to April 12 to satisfy the statute requirement of a meeting during the month of April. The Motion was made by Mr. Hairfield to approve the calendar with the requested changes. Mr. Buff seconded the Motion which passed 7-0.

C. EBHS and FHS Band Instruments – Mr. Keith Lawson

Mr. Lawson presented budget amendment 03-08-10-09 which was a \$10,000 per school allocation of capital funds towards the purchase of replacing band instruments at East Burke and Freedom high schools. Mr. Lawson reported that the Burke Arts council had also agreed to pay \$2500 per school. He also stated that each school had agreed to pay \$10,000 as well the band boosters for each school had agreed to pay \$10,000. Mr. Buff made the Motion to approve budget amendment 03-08-10-09 followed by a second from Mrs. Sain. Mr. Buff clarified that the board had at one time looked into a lease agreement contract but found out that legally the board could not do that. The Motion for the budget amendment carried 7-0.

D. 2007-2008 Audit

Ms. Norman reported that the audit ending June 30, 2008 inaccurately reflected the administrative personnel that was in place at that time and that the necessary steps would need to be taken to correctly reflect the administrative personnel that was in place at that time. Ms. Norman also mentioned that she had been asked to meet with the LGC, State Auditors Office, and DPI concerning the 2007-2008 audit. She requested that the Board give consent for her along with Mr. Sherrill to attend the meeting. Mr. Armour stated that he felt Mr. Lawson should attend as well. The Motion was made by Mr. Aulgur and Seconded by Mr. Buff for Ms. Norman, Mr. Sherrill, and Mr. Lawson to attend the meeting in Raleigh. The Motion carried 7-0.

E. Board Room on Parker Road

Mr. Aulgur questioned as to the status of meeting in the Board room on Parker Road. Mr. Jones as well as Mr. Sherrill clarified that the county had indicated that the Board room could be used for any purpose other than Board meetings. Mr. Jones continued by giving a general report

on the history of the Human Resource facility on Parker Road in accordance to the minutes with the county and the school board during said time. *Mr. Jones stated that the Human Resource building was built in the 1970's at which time the invitation was made to various agencies as well as the school board to move into the said building. He reported that the minutes from both boards reflect negotiations were made with the entities, in particular that the school board would contribute somewhere between \$230,000 - \$250,000 for the use of the space in the Human Resource Building on Parker Road. He further stated that as time passed it was apparent that the funds were not available for the school board to participate so the school board at the time owned two buildings in Morganton, one on King Street and one on Avery Avenue (which is now the county offices). It was purposed by the school board that they sell the two buildings to get the funds to pay the school board's share on the monies needed to move into the Human Resources Building. After a period of time passed and no sell was made it was decided that the county had more options for selling and that it might be better to transfer the titles to the county so that they could sell the buildings with the proceeds going to pay for the school board's use of the facility on Parker Road. Mr. Jones reported that according to the minutes of the two respective boards the two building were titled to the county for the purpose of satisfying the indebtedness of the school board for the use of the building on Parker Road. Mr. Jones continued by reporting that the original intent was to sell the buildings and the agreement stated that any funds that were achieved over and above what the school board owed would go to the school board and if the county obtained less money than what the school board owed the debt would still be paid. Mr. Jones stated that he had not been able to find any other documents that reflected the effect of this transaction. Mr. Jones stated that the issue remains as to what the school board attained in return for transferring those two buildings to the county in 1977. Mr. Jones shared that he felt the situation needed further factual as well as legal research. Mr. Jones stated that he would make copies of the minutes from both boards that reflect the information he provided to attach to the minutes of this meeting. The Motion was made by Mrs. Sain to authorize Mr. Jones to look further into the use of the Human Resource Building on Parker Road followed by a Second from Mr. Buff. The Motion carried 5-2 with Mr. Armour and Mr. Wilkinson in opposition.*

Closed Session

Ms. Norman then requested a Motion to go into closed session for the purpose of personnel reports, approval of closed session minutes, and to confer with legal counsel. At approximately 8:09 p.m. the Motion was made by Mr. Buff and Seconded by Mrs. Sain. The Motion carried 7-0.

The Board reconvened to open session at 9:37 p.m. for the approval of personnel reports.

Approval of Personnel Reports
